FILES FOR SCHOOL POST: Mrs. Doris E. Juan, 9315 Crest dr., Spring Valley has filed as a candidate for a post on the La Mesa-Spring Valley Board of Education. The native Californian has been a resident of San Diego county since 1937, and has served as an advisor for Junior Achievement. Mrs. Juan said, "It is unthinkable that Spring Valley has no representation on the school board, and that Spring Valley residents should be denied a voice on the board." She also expressed concern about the high costs of education, the narcotics problem, and said that she has adequate time to discharge the responsibilities for the school board position.

College Lifts Enrollment Curb

San Diego State To Register 1,800

San Diego State hopes to admit more than 1,800 Freshmen for its Fall, 1969, semester, Mrs. E. June Warren, dean of admissions and records said today.

This means a loosening of enrollment curbs which resulted in denial of freshmen and to all but a limited number of juniors from local community colleges during the curren Spring semester.

In her announcement Mrs Warren made these points:

1 — 1969 Fall enrollmen quotas authorized by State budget makers, will permi registration of approximately 23,00 students at San Dieg State.

2 — An educated guess indicates that between 15,000 an 17,000 present students wil continue their studies in th Fall, leaving space for be tween 6,000 and 8,000 newcom ers.

Newcomer spaces will be divided among the five colleg class levels, using these percentage bases: Freshmen 31%; Sophomores, 7%; Juniors, 33%; Seniors, 4% and Graduates, 25%.

These percentages have the approval of the San Diego State faculty Senate. They are based on a normal year's enrollment mix.

Assuming that 17,000 present students return in the Fall, the percentages would permit 1,860 Freshmen, 420 new Sophomores, 1,980 new juniors, 240 new seniors and 1,500 new graduate students to be admitted.

Should a lesser number of present students come back, these figures would be increased.

Mrs. Warren said she hoped an advance registration, scheduled for the six week period beginning April 21 would produce firm figures on the Fall plans of present students.

Freshmen and most junior college transfers had been denied admission to the current Spring semester in an effort to relieve campus-wide overcrowding.

Congestion had started in the Fall semester when 23,00 students, nearly 2,000 beyond the budgeted enrollment, registered for classes.

By limiting new enrollments and by disqualifying present students who failed to meet grade requirements, the college was able to reduce enrollment to its budgeted head count of 21,000 for the current semester.

Mrs. Warren said Fall enrollment quotas are necessary because advance estimates indicated as many as 24,350 persons hoped to enroll for the Fall semester.

This is some 1,350 beyond the budgeted figure.

Quotas will be filled first-come, first-serve based on the order in which students apply for admission. Applications are now being received.

The PTA group purchased two film strips and slide projectors for use as reading aids at the school. Other financial projects such as backing the annual backyard swim program, sixth grade camp, purchase of library books, and providing food and clothing to needy families are carried out by the local PTA group. In addition, the PTA has supplied the fencing around the bicycle areas, purchased a school camera, conducted hearing and vision clinics and held a weekly workshop to assist teachers in preparation of their classwork.

Continuation, Adult School Expansion Programs Examined

The Grossmont Union High School District is taking a look at developing a permanent adult education facility as well as two continuation high school sites.

Lewis E. Holtman, assistant superintendent of the high school district, said that his office is investigating possible plans for development of the two educational programs.

Currently, both the continuation high school and the adult educational facility are located on the same 50 acres of land in Santee.

The two schools are housed in quonset huts that were set up as temporary facilities. The huts will soon outlive their usefulness according to officials.

Holtman said that the two schools should be seperate of each other. He indicated that they should be located in different areas.

TWO CONTINUATION SCHOOLS

The assistant superintendent said that his office is also looking at the possibility of two continuation high schools.

One would be located possibly in the northern part of the district while the other in the southern area.

Holtman said that the work that he is doing is exploratory work only, with no one plan being established.

He said, "We are just looking, and there is nothing definite about any plans."

EXPAND ADULT SCHOOL

Harry Riley, director of adult education for the district, said that he would like to see his program expand.

He also indicated that a central facility would save money and effort in the administration of the program.

At the current time, some 8,700 adults are included in the overall adult high school program. Day time students number between 450, to 500 at the Santee school.

He said, "We have been looking at this problem for some time now. It takes time to develop plans, such as a site, and then a building program.

"We would like to see a seperate center for adults to attend where there would be adequate parking facilities as well as room large enough to hold classes. Larger than the normal high school size.

"The adult school serves students over 18-years-of-age who have dropped out of regular school and decided to return to get their high school diploma.

"It also includes many women who do not hold their high school diplomas and are working for credit for the certificate. We have men attending day time classes that are in the same category."

Riley said that his department is using many buildings throughout the district during the day time and also high schools at night time to implement the program.

Strong Feelings Expressed For Tax By School Override Committee

"We don't like tax elections, but we like bad education worse," was the strong feeling expressed at the organizational meeting of the local Committee to Keep Good Schools held last week.

Formed to promote approval of a tax election measure April 15 in La Mesa-Spring Valley schools, the committee promised vigorous action to inform citizens of the desperate need for local school support, according to Richard P. Reid, chairman.

Because the state's share of education is so small, the local Board of Education faced an agonizing task of budget according to Reid.

After chopping away all but the bones, the Board called for an election in the prudent amount of 78c instead of the original estimated $1.08, Reid said.

The meeting saw formation of a General Committee which will head the campaign. A headquarters office will soon be opened in La Mesa. Campaign endorsements and contributions are already being received.

Members of the General Committee, announced by Reid, include: Frank Berger, Jr., Ed Burr, Donald K. Clague, Leonard S. Collis, Mayor Ray Fellows, Mrs. Donald L. Hill, LeRoy Knutson, Christian N. Krog, Hardy G. Kuykendall, Jr., Jeff Lehew, Harold Logan, Walter E. McClellan and Mrs. Lloyd Myking.

Also serving on the committee are: Richard Manzella, Al Marshall, Vincent L. Odom, B. James Polak, Mrs. Dale Powell, Chet Smith, Tony Snyder, Dr. W. T. Soldman, Jr., Mrs. Dewey Stewart, Roald L. Svalstad, Dr. Thoma C. Webter, ad Harry V. Wiley.

Love Letter To School Trustees

What's so great in being a school trustee?

It's a comparatively thankless task — and there is no pay.

Yet, in every San Diego County school district, a school board — consisting usually of five persons — meets every other week to decide how best to conduct the school district's business in the best interest of education and the public.

These people must stand for election every four years and subject themselves to the spotlight of publicity, curiosity, and criticism — all for a job that pays nothing at all in the way of money.

This outburst of adulation comes at a time that we are losing several of our fine trustees.

Four of them, on three different school boards, are not going to seek reelection.

No matter who the replacements are, the public will be the loser by the retirement of these people who have become measurable in intelligence, integrity and loyalty.

The four are Thomas Higdon, of the Lemon Grove Elementary District; Hardy Kuykendall, of the Spring Valley-La Mesa Elementary District, and Bob Dryden and Rex Hall, of the Grossmont Union High School and Junior College District.

Each of these men has a different reason for not seeking re-election and to each his reason is valid and private. But regardless of reasons someone ought to take the time and trouble to recount some of the work trustees perform in doing the job which carries very few built-in complimentary expressions. More rare is for the public to tell them how much the effort is appreciated.

To these dedicated, loyal, non-partisan persons we say thanks. We know that some of them — particularly in the high school-college district — must assimilate as much as thirty pages of agenda material for each meeting. A tremendous amount of research must be studied to get back-up evidence for agenda items. There is another time-consuming matter — that of listening to teachers, administrators, parents and tradespeople.

As it is with supervisors, trustees must turn an open ear to the constituency because they must serve all elements.

It is sometimes hard to believe that the public cares when trustees can look out into the meeting room and see only a handful of people unless a pressure group or special interest group is making a sales pitch.

So it is with a sad and reluctant goodbye that we view the separation of Messrs. Dryden, Hall, Kuykendall and Higdon from the various school boards.

We urge that any within eyeshot of this communication take the time to express appreciation to these dedicated citizens for their contribution to your kids.

Crime and Penalty Linked?

Mr. Dan McKinnon, the intrepid young man who operates Radio KSON in San Diego has issued a short, but thought-provoking editorial.

It is a three sentence pronouncement.

He said "Did you know that during 1968, no one received the death penalty for a crime in the United States?

"Did you also know that the crime rate in America during 1968 reached its highest point?

"Do you suppose there could be a connection between the two?"

Subscription List Grows

Mel Knoepp Lauded By Guiding Hands

Sixty-five names were added to the growing list of subscribers to this newspaper's already nearly 10,000 this week when the latest count was compiled.

A campaign, in which a landscape project for the Home of Guiding Hands is aided, is the basis for the subscription drive.

The new list brings to 1,363 families the number who have subscribed their way to aid the mentally retarded facility at 10025 Los Coches rd., Lakeside.

Meanwhile, at an annual meeting last week, the Lutheran Association for Mentally Retarded Children, operators of the Home, honored Mel Knoepp, of tv channel 8, for his contribution in publicizing the Home project.

It was Mel Knoepp who encouraged this publication to give aid to the retarded facility.

Senior Citizens' Tax Relief Provided By Proposition 1-A

Senior citizens who filed for property tax relief under the recently enacted Senior Citizens Property Tax Assistance program may also be eligible for relief under the provisions of Proposition 1A, said Martin Huff, executive officer of the Franchise Tax Board.

"This means that even though a senior citizen received a property tax refund from us under the Senior Citizens program, he should still file the proper form from his county assessor and file with him to receive the $70 property tax refund granted under Proposition 1A, passed by the 1968 Legislature," Huff said.

These are two separate and unrelated programs, Huff added, and receiving benefits from one does not preclude receiving benefits from the other.

Those individuals who are 65 or older, own their own homes, have paid their property taxes, and meet certain income requirements. may be eligible for Senior Citizens Property Tax Assistance.

Forms for assistance under the Senior Citizens program may be requested from the Franchise Tax Board, Box 1588, Sacramento, California.

Forms used to claim the $70 property tax refund under the provisions of Proposition 1A should be obtained from the county assessor and not the Franchise Tax Board, Huff said.

Snow Covers Jamul

From MARY BONNER

"It's for real!"

For the first time in 20 years, Jamul was covered with a blanket of snow. The snow came Friday night as some six inches of the white stuff covered the streets.

One old time resident explained, "There has been slight patches of snow that have hit us in the past, but most of it melted before it even touched the ground, but this is for real."

Car after car traveled to the small community to see the sight. Many of the vehicles became stuck as they stopped to frolic in the snow.

The local nurseryman predicted heavy losses in trees and shrubs in the usual frost-free community.

Week of Rain Totals 3.82"

It may have seemed like more but the rainfall total for the seven days starting and ending Wednesday was 3.82 inches.

That brought the season total to 14 inches. The same period last season produced a total of 8.17.

Leonard Knight, meteorologist at the local fire station, said a minimum of flood damage was reported during the storm.

Community Council Plans Are Men's Club Topic Friday

A meeting of citizens from Lemon Grove will meet at the Brunswick Bowlero Lanes Friday at noon time to discuss plans for a community council for Lemon Grove.

Supervisor Harry Scheidle will be on hand to talk to members of the Lemon Grove Men's Club and any other interested citizens who attend the meeting.

The Men's Club, which consists of many businessmen and concerned citizens of the community has acted as the central focal point in the community during the past few years.

Concern had been expressed about Lemon Grove's future and how this community would grow.

Other matters of concern have developed over such items as zoning for Lemon Grove, and tax rebates from the state government.

Scheidle had indicated that he would like to see residents of the community turn out for such a council that would act in behalf of taxpayers in Lemon Grove.

Spring Valley has an active community council in operation. It has been working for more than one year.

Such topics as drugs in the community, growth of the area, and other projects have captured the eyes of that group.

El Cajon Vote OKs Override; Rejects Bonds

Voters in the El Cajon Valley School District Tuesday approved a tax override increase of 47c for each $100 of assessed valuation but rejected a $2.9 million bond issue.

The override approval gives the district authority to increase taxes for school operation from $1.99 to $2.46 if necessary.

Bond issue funds would have been used for classroom construction. Bonds require a two thirds majority. The override tax takes only a simple majority. The latter pays mostly for salaries.

Learn Spanish the Easy Way

Hardison's Telespanish

by James Hardison

What are some of the most important Spanish phrases for people who are starting to learn the language? Can you give some examples and explain how they are used?

One could begin to learn the language with almost any simple phrase. Usually statements like "Hablo muy poco espanol." (I speak very little Spanish.) and "No se." (I don't know.) help the beginner in the first few weeks.

If we were to break down important words in these phrases we would find that "hablo" means "I speak." We might also note that this verb ends in the letter "o" and, usually, verbs that end in "o" have as their subjects the pronoun "Yo". Frequently, we find that the subject "Yo" is omitted in writing and speaking. However when we translate from Spanish to English we must include a subject, for the sake of clarity, and the subject "Yo", written or understood, is translated as "I." Thus we may sav "hablo" which means the same as "yo hablo" (I speak).

Care should be taken in the pronunciation of "hablo." The letter "h" does not modify sound in Spanish. Upon recognizing this, we would pronounce "hablo" as if the letter "h" were missing from the spelling and were "ablo" which is phonetically "AHB-loh."

The expression "No se" (I don't know) is always helpful for beginners. Many of their first questions will be answered with "No se." Here also, the subject "Yo" is omitted. It must appear in the English translation, regardless of its omission in Spanish. Thus "No se" and "Yo no se" would be translated as "I don't know."

Look over the phrases that appear in the telephone practice portion of this lesson listed below. See if you can say them with the guided voice when you dial 276-2762.

IMPORTANT PHRASES

Say "Yo hablo muy poco." (yoh AHB-loh MOO-ee POH-koh)
for "I speak very little."
Say "Yo no se." (yoh noh SEH)
for "I don't know."

USEFUL PHRASES

Say "Conoce usted la leccion?" (koh-NOH-seh oo-STHED lah lehk-see-OHN)
for "Do you know the lesson?"
Say "Si, la conozco." (SEE lah koh-NOHS-koh)
for "Yes, I know it."

OTHER PHRASES

Say "Es increible." (ehs een-kreh-EEB-leh)
for "It is unbelievable."
Say "Que milagro." (keh mee-LAH-groh)
for "What a miracle."

International Tea Honors AFS Students

The American Field Service Chapter of Mt. Miguel and Michiko Ono of Japan and Ignacio Lira of Chile hosted an International Tea on Feb. 24 in the school library.

The meeting offered an opportunity for community organizations to become acquainted with the students and the A.F.S. program.

On March 1 Michiko, Ignacio and Mr. and Mrs. Herbert Ruiz, the American Field Service Presidents, will attend the San Diego 200th Anniversary International Extravaganza at the El Cortez Hotel.

The evenings festivities will include a banquet and program for the purpose of bringing together organizations and students involved in international activities.

Many organizations as well as individuals contribute to the American Field Service Scholarship programs. Schools have waived non-resident tuition, and other fees.

Host families welcome students without pay. Thousands of volunteers contribute time and energy.

The American Field Service brings students from countries throughout the world to the United States and it also sends American teen-agers abroad through the Americans Abroad program.

In both programs, students experience family and academic life in a culture other than their own.

Four Way Tie Develops In Spring Valley Youth Basketball League

A four way tie for second place in Class C play in the Spring Valley Youth Basketball League developed last week as the Red Dogs, Bullets, Courtburners, and the Junior Rockets scored decisive victories.

All four teams, now sporting 6 wins and 5 losses in league play, are behind the Tigers who hold a 10-0 league leading record.

The tie for second place developed after the Red Dogs picked off two wins last week. They dropped the Celtics 25-13 and in their second game, trounced the Bullets 22-6.

Ron Soinis along with George Gasperson played an important part in the move from fourth place into second. The two scored 10 points each over the Celtics.

In the big win over the Bullets, Gasperson pumped in 12 points while Sonini pushed in 17 through the hoop mark.

The Junior Rockets trimmed the Cougars, 18-16 as they made their move from a third place tie.

The Rockets were paced by Billy Steward who scored 13 points in the victory.

In other league play, Class A and Class B league leaders have maintained their top positions for the first week since they went into action in January.

The Spring Valley Kiwanis Club with a 7-4 record is eyeing the Class A crown while the S.V. Bombers have high hopes of winning the Class B title.

The Kiwanis team moved one step out in front of the Recreation District entry as they trounced them 64-25.

In that game, David Munos and John Duffy of the Kiwanis team scored 12 points each. In other play, the Rotary crushed the Lions, 38-29.

LIONS REBOUND

Later in the week, the Lions came back to trip the Rotary, 42-38.

Mark Panhorst of the Lions and Mary Guynn of the Rotary both scored 16 points to lead their teams in the scoring departments.

In Class B the Fighting Irish have moved into second place from third position after an easy 26-16 win over the Falcons last week.

The Irish were down in the league standings but with the strength of Steve Alvarez and his teammates, the club has moved into position for a first place bid.

In other B play, the Wild Cats dumped the Falcons, 17-15 in a contest that saw Tim McPherson of the Cats and Charlie Nuno of the Falcons pour in 9 points each.

The Falcons rebounded late in the week to nip the Hawks 18-17. Tom Gallagher and Nuno contributed a total of 17 points for the win.

The Fourth placed Braves were handed a stiff battle in their win 23-22 over the holders of last place in B competition.

Monarchs Close Out Season With Two League Victories

By SCOTT McGAUGH
Monte Vista Sports Writer

After beginning the season with a 58-52 thrashing of Helix, the Monte Vista High School basketball squad terminated their campaign with 66-61 and 99-88 triumphs over the Santana's Sultans and the Eagles of Granite Hills last week.

The Monarchs snapped a five-game losing skid by downing the Sultans, 66-61, on the winners' courts.

Monte Vista got off to a slow start but recovered to post a 33-31 advantage at the half.

The taller Sultans were hitting from the outside but Bob Papciak, Jim Kratli, and Bill Belander combined for 25 of the Monarchs' 33 first half points.

A full-court Sultan press brought Santana a 46-46 tie going into the fourth quarter.

The Monarchs then lost playmaker Jim Bristol with six minutes left due to fouls. But the Monarchs took the lead for good at 57-55, at the three minute mark and then stretched to a 66-61 effort.

Then, in their final game of the season, Monte Vista took on Tim Doerr and the Granite Hill Eagles in a game which saw 187 points scored with the Monarchs totaling 99 and the Eagles 88.

The Monarchs couldn't do anything wrong as four men hit double figures with three being in the twenties.

The Monarchs raced to a 28-15 first period advantage as Bill Belander chalked up 15 points and hauled in five rebounds in the first quarter.

The Eagles began to fly right in the second period however and cut the gap to a 47-41 score at the half.

Monte Vista countered wifh 30-point third quarter and never led by less than ten the rest of the way.

With two minutes left in the game, Monte Vista saw a chance for its first 100-point game of the season but a missed free throw and jump shot gave them 99.

Eagle Tim Doerr was nearly inhuman as he poured in a record 47 points in the losing Eagle effort.

The Monarchs finished with a 6-8 league record, good enough for a tie for fifth place in the Grossmont League.

Lay Off Tax Relief Calls Pleads Assessor Williams

SAN DIEGO (CNA) — County Assessor E. C. Williams has issued an urgent request that persons seeking information on California's $70 property tax rebate not call or come into his office until after March 10.

He said the property tax relief forms will be placed in the mail on or about Feb. 26 and should be received by al home owners by March 10 even if they need to be forwarded.

The mailing will include the refund form for this tax year and an application for a $750 property tax assessment exemption form.

The forms should be mailed back immediately, Williams said, after the simple procedure of the owner signing to attest his property qualifies and adds his social security number for an audit check.

The tax measures are provided by Proposition 1-A and the money to accomplish the refund and exemption comes from a one-half cent retail sales tax.

Persons who have not received the forms by March 10 should send the assessor a post card setting out either the parcel number, address, lot and block number, or a description of the property, and the name of the present owners together with those persons' current mailing address.

The $70 refund goes to property owners who occupied their single family dwelling duplex or condominium as their primary place of residence last March 1.

Sweetwater Lake Park To Become A Reality

Assemblyman Wadie P. Deddeh (77th District) revealed that $389,500 is included in the proposed state budget for a 1300 acre County-Regional park at Sweetwater Lake.

County officials say that there is a strong possibility that matching funds for the park can be obtained from the open space, and land and water conservation programs of the Federal Housing and Urban Affairs Department.

The State's Department of Wildlife and Conservation has also shown an interest in supporting the proposed Sweetwater Regional Park.

County officials have expressed the hope that the park can be ready for use in about two years.

Boating, fishing, and picnicking will be the major activities of the park.

The park will be located at the junction of three proposed freeways; 54, 125, and 157.

It will be within a 15 to 30 minute drive from the communities of Lemon Grove, Spring Valley, Alpine, Lakeside, La Cresa, El Cajon, Imperial Beach, Otay, Chula Vista, National City, Casa de Oro, and San Diego.

Deddeh said the park would be a major recreational asset for the people of San Diego and a long-awaited reality for the people of Spring Valley, La Mesa, Lemon Grove, Brookside, and Casa de Oro."

School Tax Decision Delayed

The Lemon Grove school board Monday night again faced the issue of a pair of tax issues.

After lengthy discussion, the board realized that it couldn't come to decision and deferred action until the next meeting.

The next meeting will be March 10. The hang-up seemed to be an opinion pool taken of all school employees in which 131 voted for elections; 100 were against elections, and 71 did not vote.

Board President Bert Cosby said that he was "surprised" that so large an amount of employees would be opposed to the election.

The issues would be an override election for school operation. From this fund salaries, and salary increases would come. There would also be a bond election for the construction of an undetermined number of classrooms. Byron Netzley, district superintendent, said that 165 new homes are in the district since the last school year. The bond issue, he said, would not increase the tax rate. The override election, if successful, would.

1. The advertised price is all you pay. We include all Labor, Sales Tax and all Federal Taxes in our advertised prices.
2. All prices are honestly quoted for your buying safety—everything stated in Black and White.
3. We give long term guarantees on all our items and services—PLUS a 7-day unconditional money-back guarantee if you are not satisfied for any reason!

5. NO HIDDEN COSTS. If there is any unusual work involved we will give you an exact quotation in advance of any work, and stand by our price. You won't get a shock when you get the bill.
6. Everything we carry is PERFECT QUALITY . . .we do not deal in second-rate merchandise or services.
7. Every car is completely SAFETY-CHECKED at no extra charge . . . KNOW that you are driving a safe car!
8. You can trust your wife or teen-age child with us . . . we will never take advantage of any customer.
